Help Us Build a World-Class Collection of Environmental Films

Sustainable Lafayette is working with the Lafayette Library & Learning Center to acquire the 25+ best environmental films of all time.

With your help we can create the largest collection of environmental films anywhere in the East Bay!

Here is how you can help:

- Donate an environmental film that you already own by bringing it to the Library Grand Opening on **Saturday, November 14th** (Sustainable Lafayette will have a booth there).
- Bring a check made out to Sustainable Lafayette for \$20 or cash - and let us know which movie you'd like to donate. We'll have a list of our favorites. If you would like to reserve a film to donate, just send us an email (info@sustainablelafayette.net) and we'll go ahead and put your name by that film.

Either way, your name will be put on the back of the video ("Donated by the Johnson Family"). Imagine all the residents checking out the movie(s) you donated over the next 5 years!

Film Ideas:

- An Inconvenient Truth
- Who Killed The Electric Car?
- The 11th Hour
- Planet in Peril
- Planet Earth
- Food, Inc.
- Fresh
